THE REFINERY

SILVERTOWN E16

PERFECTLY PLACED

A contemporary standalone development of 60 stunning one, two and three bedroom apartments and duplexes, The Refinery is situated in the fantastic location of Silvertown, set within the historic Royal Docks.

Once the world's largest port, with ships importing exotic foodstuffs from far and wide, this previously industrialised area was home to many famous factories, mills and sugar refineries - from which this incredibly exciting new place to live proudly takes its name.

Perfectly placed between Canary Wharf and London City airport, The Refinery is the ideal residence for singles, couples and families, keen to have all that London has to offer within easy reach.

THE PERFECT NEIGHBOURHOOD

When it was born more than a century ago, Silvertown became an industrial place of invention; one that led the way in a wide variety of industries, including engineering, milling and sugar refining.

Today, Silvertown is reinventing itself, undergoing an incredible regeneration, and already emerging as a truly wonderful community in which to live, work and socialise.

It is rapidly becoming a cultural and creative hub. With The English National Ballet and the London Film School relocating their headquarters here. There are numerous shops, bars and restaurants popping up aplenty to welcome, inspire and serve new residents.

Located between Lyle Park and Thames Barrier Park, the area also boasts one of the longest stretches of open green space along the Thames. So, all in all, life at Silvertown is balanced to perfection.

SHARED OWNERSHIP WITH SOUTHERN HOME OWNERSHIP

Southern Home Ownership is a leading provider of Shared Ownership properties, and our aim is simple. We want to help people step onto, or move up the property ladder in the neighbourhoods they love.

For over 30 years, we've been helping purchasers, with over 4,000 successful moves, from traditional family homes to vibrant city apartments.

What's more, from the moment you contact us to the day you move in, we'll guide you every step of the way to ensure you can relax and look forward to owning the home you've always dreamed of, in the area you want to live.

If you don't know much about Shared Ownership, don't worry, we're here to help tell you all you need to know about the scheme and how to turn your dream of home ownership into reality.

How Shared Ownership works

You can purchase a home at The Refinery if you do not own a property and have a household income less than £90,000 per annum.

You start by buying a share of the property (usually between 25% and 75%) and pay a subsidised rent to us on the rest. This helps to reduce the amount of deposit you need (so you can save for it faster) and makes the monthly mortgage repayments more manageable.

And the great thing about Shared Ownership is that, at any time in the future, you can buy additional shares in your home until you own all of it - we call this 'Staircasing'. As you purchase more shares the rent reduces, and when you own 100% of the property you will not need to pay rent at all.

To begin the process, you will need to have a financial assessment to establish your affordability, have a deposit ready plus some further monies available to pay for legal and conveyance costs. Once we know how much you can afford and that you're approved for a mortgage, you can reserve a home with just a £500 reservation fee which goes towards the cost of the apartment.

PERFECTLY APPOINTED APARTMENTS

When you step inside one of the homes at The Refinery you discover just how well-appointed these most modern of living spaces are. Whether you opt for a one bedroom apartment, or a more spacious two or three bedroom, you won't be disappointed.

All come with an exceptionally high quality of internal specification as standard and boast a stylish open plan layout with cleverly used space perfect for relaxing and entertaining, making this the hub of the apartment.

For outside space there's a choice of the spacious communal courtyard – from which the apartments can be accessed or the 5th floor roof top garden offering views of the city.

And, as if that wasn't enough, each apartment comes with its own balcony, so you can enjoy some private outdoor space.
